

GENERATION Z

GENERATION Z mannequins mirror the characteristics of the first generation to grow up on the Internet, meaning these kids are fashion-conscious and on top of all the digital trends. Choose from a wide range of poses - some are more reserved and mature, others are more playful and spirited. GENERATION Z includes a variety of ages which makes for fantastic group displays. Whether you opt for realistic make-up or abstract, GENERATION Z is the best way to present children's fashion.
