

MOOD

The effervescent poses in the MOOD female range are inspired by the iconic Roaring 20s dance, the Charleston. It's sleek design makes MOOD an ideal line to present evening wear and figure-accentuating pieces. The dynamic positioning of their arms and hands are perfect for showing off bags and accessories. MOOD female mannequins are seductive, glamorous, and especially eye-catching when paired with their male counterpart. Semi-abstract heads help create a timeless yet modern look.
