

# TESSELATION

TESSELATION was inspired by models strutting down the catwalk at international fashion shows. The strong, dynamic poses have a hint of sex appeal that make TESSELATION the perfect mannequins to display high fashion, lingerie, and swimwear. Bring the runway to your store by lining up a group of one pose and highlighting a different product on each mannequin. TESSELATION creates an eye-catching display whether shown with make-up and a wig or in your own design.
